Teaching characteristics

Volldigital, Gesundheitsfragen als JSON, E-Signatur; Minzia kalkuliert von Beginn an mit 0.25 % (unter Hoechstrechnungszins); Unisex auch in CH (Produktentscheid Minzia); Nachversicherungsgarantie nur in Minzia-AVB; AVB Klartext 8-10 Seiten

Use in Pfefferminzia MCP

The applicable document must be selected through contract ID, tariff generation, and market. Every life-insurance communication, underwriting recommendation, beneficiary assessment, or benefit decision requires qualified human review before it can leave the workshop system.

Responsible-use boundary

This condensed document exists to demonstrate version-aware retrieval and tool use. It deliberately preserves conflicts and ambiguity documented by the upstream teaching dataset. It must never be presented as a real insurer's binding terms.
